DETAILED ACTION

Response to Arguments

1. Applicant's arguments and claim amendments, filed May 30, 2006, with respect to claim 28 have been fully considered and are persuasive. The rejection of claim 28 has been withdrawn.

Allowable Subject Matter

2. Claims 1-30 and 32 are allowed over the prior art of record. The following is an examiner's statement of reasons for allowance:

The closest prior art of record while generally teaching the layer structure does not teach or suggest the layer structure and corresponding physical characteristics as exemplified by Applicant in claims 1-30 and 32.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
